Appendix 1

The nature of the College
Regent's Park College was founded in Stepney, London, in 1810, incorporating a Baptist Education Society formed in 1752. It became a Permanent Private Hall of the University of Oxford in 1957, with full rights to matriculate undergraduate and postgraduate students in the University and with its Fellows as teaching members of the University Faculties.

The College admits undergraduates to read for the B.A. degree in a range of Arts subjects, including and especially theology and religion or a joint degree of philosophy with theology. Other specializations within undergraduate degrees are English, PPE, History, Classics, Law and Geography. It also admits a number of postgraduates each year to read for masters and doctoral degrees in the humanities and social sciences.

As a Baptist foundation holding membership in the Baptist Union of Great Britain, an indispensable part of the work of Regent's Park College is the training of candidates for the Baptist ministry in the United Kingdom and abroad, through both residential and church-based courses. The tutorial staff is fully ecumenical in its membership.

Overall, Regent's Park College is concerned to make connections between Christian faith and the social context of our modern world, and it focuses this concern in the Oxford Centre for Religion and Culture which is an integral part of the College.
